St. Joseph's Health Centre
honours its Volunteers during National Volunteer Week!

South Bay Campus

Villa St. Gabriel Villa Site

In honour of *National Volunteer Week*, St. Joseph's Health Centre and its affiliate sites, St. Joseph's Villa, St. Joseph's Continuing Care Centre and Villa St. Gabriel Villa celebrated their many volunteers at a special event held at the Caruso Club. This year's national theme was "The Volunteer Factor – Lifting Communities". St. Joseph's Health Centre and its affiliates are value-based organizations that promote service, integrity, dignity and excellence. Our volunteers demonstrate these values when working with our residents, patients, family members and staff. Because of their involvement, they allow us to be a more effective workplace and home to many. Thank you for being a valued and integral part of our community!
